

# 2025 Yamaha **222 Wake Series**

## 222XE, 222XD

### Overview

Introducing Yamaha's 22-foot Wake Series boats, which deliver premium wakesurf capabilities with versatility, convenience, and comfort that the whole family can enjoy. Among the Wake Series models, the 222XD stands out with Yamaha's innovative DRiVE dual-throttle paddle controls, providing effortless maneuverability. Adding to the excitement, these boats are powered by twin 1.9L HO Yamaha marine engines, delivering superior performance and power.

### Specifications

<b>General</b>	<b>Passengers:</b> 10	<b>Dry Weight:</b> 222XE 4,059 lbs
	<b>Weight:</b> 2,050 lbs	222XD 4,118 lbs
	<b>Total Storage:</b> 502 gal	
<b>Dimensions</b>	<b>Length:</b> 22 ft	<b>Draft:</b> 19 in
	<b>Beam:</b> 8 ft 6 in	<b>In Water Height:</b> 7 ft 7 in
	<b>Deadrise:</b> 20°	
<b>Engine</b>	<b>Name:</b> 1.9L HO engine (2)	<b>Cooling:</b> Open Loop
	<b>Type:</b> 4-cylinder, 4-stroke	<b>Fuel Grade:</b> Regular Unleaded
	<b>Intake:</b> Naturally Aspirated	<b>Fuel Capacity:</b> 70 gal
	<b>Horsepower:</b> 400 hp (combined)	<b>Oil Capacity:</b> 3.7L per engine
	<b>Displacement:</b> 1898cc	<b>Pump Size:</b> 155mm
<b>Hull</b>	<b>Construction:</b> Open Mold	<b>Material:</b> Fiberglass Reinforced Plastic (FRP)

### Yamaha Innovations and Technology

**Yamaha 1.9L HO Marine Engine:** This 1898cc, four-stroke, four-cylinder, 16-valve High Output marine engine is the largest displacement engine in a jet boat today. This powerful engine provides quick and smooth acceleration and class-leading top speed.

**DRiVE® Dual Throttle Paddle Controls:** Allows the operator to maneuver these 22-foot boats forward and aft precisely around docks, launch ramps, and other tight, congested spaces while always keeping your hands on the steering wheel.

**Chil™-Cool Technology® for Upholstery:** In addition to looking great, the Chil Cool fabric also feels great, reducing the surface temperature and dissipating heat much quicker than standard vinyl. (Available on select models only or color combinations)

**Helm and Portside Wireless Charging:** Convenient wireless charging stations at the helm and portside allow you to effortlessly charge compatible devices without the hassle of cords and cables.

**Integrated Yamaha WakeBooster®:** With the simple push of a button on the Connex<sup>®</sup> Touchscreen, integrated WakeBoosters can be deployed on either side of the boat for wakesurfing.

**Integrated Triple Ballast System:** The ballast bags are filled and emptied using the Connex<sup>®</sup> touchscreen, which is located at the helm. The touchscreen allows you to control the ballast bags individually or together, and it also has a number of presets for different wakesurfing conditions. Maximum ballast weight is 1,100 lbs.

**Wake-Inducing Hull Design:** Shaped to displace more water at the stern which helps to create a larger wake.

**Patented Jet Drive System:** This advanced jet propulsion system utilizes an internal impeller rather than an external propeller. This design offers numerous advantages, such as shallow water operation, enhanced maneuverability, reduced maintenance, and the peace of mind of knowing that there is no lower unit or propeller at the stern of the boat.

**Patented Clean-Out Ports:** Exclusive to Yamaha Boats, the patented clean-out ports are a convenient way to remove debris that may get caught in the jet pump. This can help to prevent damage to the jet pump and keep it running smoothly. The clean-out ports are located above water at the stern of the boat and are easy to access.

**Connex Helm Control System:** Yamaha's award-winning Connex Helm Control System and touchscreen is the hub for entertainment functions, GPS mapping, saved towing preferences, and relevant boat system data when underway.

**Yamaha Articulating Keel:** This patented system extends the boat's keel and moves in perfect relation to the boat's jet pump nozzles to provide directional stability and maneuverability. Steering response is immediate. Straight-line tracking at all speeds is effortless, and cutting through chop is a breeze. Drivers enjoy maximum control while maneuvering at low speeds.

**Quiet Cruise Noise Reduction System:** This system of features works together to reduce vibration noise levels in Yamaha boats. These features include engine compartment insulation, hull insulation, and jet pump and exhaust system design.

**Lifetime Structural Limited Warranty** — Yamaha warrants the hull and deck of all new Yamaha boats against major structural defects in material or workmanship for the lifetime of ownership of the first retail owner. The structural limited warranty can be transferred to a second retail owner during the first 10 years after the date of original purchase by the original retail owner.

**Cockpit & Bow**

- Snap-in Custom Cut MarineMat™
- Ski Locker
- Removable Dinette Table with Pedestal
- Bow Filler Inserts for Multiple Seating Configurations
- Hinged Seat Cushions
- Chrome Integrated Drink Holders
- Tilt Steering
- Upgraded Steering Wheel
- Chil-Cool Upholstery
- Adjustable Captain's Chair with Flip-up Bolster
- Passenger-side Captain's Chair
- Portside Entertainment Area
- Lockable Glove Box
- Walk-through Bow Door
- Integrated Removable Cooler
- Docking Lights
- Courtesy Deck Lighting
- Courtesy Tower Lighting
- Dedicated Anchor and Rope Locker
- Bow Reboarding Ladder
- Upgraded Aluminum Handles & Accents
- Cockpit Drainage System (CDS)
- LED Accent Lighting

**Stern**

- Integrated Swim Platform
- Upholstered Cushioned Seats
- Upholstered Cushioned Backrests with Storage
- 12-volt Outlet
- Stainless Steel Telescopic Reboarding Ladder
- Dinette Table Mount
- Marine-Grade Mat
- Stern (Wet) Storage

**Technical**

- DRiVE Dual Throttle Paddle Controls (forward and reverse)
- 12.3" Connex® with Touchscreen (maps and joystick)
- Custom Fit Smartphone Holder with Wireless Charging
- Yamaha Drive Control
- Boat Wellness Function Display in Connex with Touchscreen
- Throttle by Wire Technology
- Push Button Start/Stop
- Blue LED Helm Switch Panels
- Helm and Portside Wireless Charging Points
- (2) USB Charge Ports
- AUX Outlet
- 12V Outlet
- Custom Tuned Wet Sounds Audio System
- (7) Wet Sounds Marine Speakers
- (2) Tower Speakers
- Stern Stereo Remote
- Stern Speakers
- 3-Position No Wake Mode Control
- Cruise Assist
- Compass
- Depth Finder
- Water Temperature
- Electronic Speedometer
- Fuel Management System
- Dual Battery Setup
- Rack & Pinion Steering
- Quiet Cruise Technology
- Integrated Ballast System

- Toe-in Jet Nozzle Position
- Integrated Electric WakeBooster
- Articulating Keel System

#### Exterior

- Stainless Steel Bow Rails
- (6) Pop-up Stainless Steel Cleats
- Tow Hook
- Bimini Top
- Aluminum Folding Wakeboard Tower with Tow Point
- Wakeboard Racks
- Windshield Mirror
- Yamaha Wake-Enhancing Hull

### Award-Winning Customer Service

Yamaha WaterCraft has won more National Marine Manufacturers Association's (NMMA®) Customer Service Index Awards in the Personal Watercraft and Jet Boat categories than any other brand in the 20-year history of the prestigious honor. This award is based on customer surveys and is a testament to Yamaha's commitment to providing the best customer service in the powersports and marine industry.
