

2025 Yamaha 250/252 Series

SX250, AR250, 252S, 252SE, 252SD

Overview

Introducing Yamaha's 25-foot sport boats, where remarkable roominess meets unparalleled power and innovation. These boats redefine spaciousness in their class, providing a generous layout that ensures everyone on board can relax and enjoy the ride. Among the 25-foot models, the 252 Series showcases Yamaha's commitment to luxury and precision, featuring premium appointments that elevate the boating experience to new heights. What sets the 252SD model apart is Yamaha's exclusive DRiVE X® paddle controls, allowing the driver to effortlessly switch between forward and reverse without ever taking their hands off the steering wheel. Adding to the excitement, the 25-foot sport boats are equipped with powerful 1.9L HO Yamaha marine engines, delivering exhilarating performance and fuel efficiency.

Specifications

| | | | | | |
|-------------------|-----------------------|-------------------------------|-------------------------|---|-----------|
| General | Passengers: | 12 | In Water Height: | | |
| | Weight: | 2,600 lbs | SX250 | 4 ft 10 in | |
| | Total Storage: | 250 | 731 gal | AR250 | 8 ft 1 in |
| | | 252 | 750 gal | 252S | 7 ft 8 in |
| | | | 252SE/SD | 8 ft 1 in | |
| Dimensions | Length: | 24 ft 6 in | Dry Weight: | | |
| | Beam: | 8 ft 6 in | SX250 | 3,931 lbs | |
| | Deadrise: | 20° | AR250 | 4,021 lbs | |
| | | | 252S | 4,136 lbs | |
| Draft: | 19 in | 252SE | 4,539 lbs | | |
| | | 252SD | 4,689 lbs | | |
| Engine | Name: | 1.9L HO engine (2) | Cooling: | Open Loop | |
| | Type: | Twin, 4-cylinder, 4-stroke HO | Fuel Grade: | Regular Unleaded | |
| | Intake: | Naturally Aspirated | Fuel Capacity: | 75 gal | |
| | Horsepower: | 400 hp (combined) | Oil Capacity: | 3.7L per engine | |
| | Displacement: | 1898cc | Pump Size: | 155mm | |
| Hull | Construction: | Vacuum Infusion | Material: | Fiberglass Reinforced Plastic (FRP) | |

Yamaha Innovations and Technology

DRiVE X Low-Speed Handling: A combination of Yamaha's DRiVE® paddle control system that moves the boat forward and aft while always keeping the driver's hands on the steering wheel, but adds all-new steering wheel functionality that slowly moves the boat starboard or port, rotate 360° on its axis, and holds the boat against the dock for quick loading and unloading of passengers. (Exclusive to 252SD model)

Yamaha 1.9L HO Marine Engine: This 1898cc, four-stroke, four-cylinder, 16-valve High Output marine engine is the largest displacement engine in a jet boat today. This powerful engine provides quick and smooth acceleration and class-leading top speed. This is achieved through the engine's increased displacement, optimized intake and exhaust paths, and a 10 percent larger throttle body for more power and torque.

Chil™-Cool Technology® for Upholstery: In addition to looking great, the Chil Cool fabric also feels great, reducing the surface temperature and dissipating heat much quicker than standard vinyl. (Available on select models only or color combinations)

Helm Wireless Charging: This convenient wireless charging station is integrated into the boat's custom-fit smartphone holder, allowing you to effortlessly charge compatible devices without the hassle of cords and cables.

Patented Jet Drive System: Yamaha's renowned internal propulsion system is the gold standard in the boating industry, making Yamaha boats more fun to drive (nimble handling and instant acceleration), easy to maintain (no water pump or fluids needed), and extraordinarily versatile because Yamaha's jet pump impeller is protected inside the hull, eliminating the need for an exposed lower unit or propeller. The result is a shallow draft unmatched in its class, allowing access to shallow waters that other brands cannot enter.

Patented Clean-Out Ports: Exclusive to Yamaha Boats, the patented clean-out ports is a convenient way to remove debris that may get caught in the jet pump. This can help to prevent damage to the jet pump and keep it running smoothly. The clean-out ports are located above water at the stern of the boat and are easy to access.

Connex™ Helm Control System: Yamaha's award-winning Connex helm control system and touchscreen is the hub for entertainment functions, DRiVE control, GPS mapping, and relevant boat system data when underway.

Swim-Up Seating: 252 Series models come standard with two removable swim-up stern seats that attach to the stern slightly below the water's surface, providing comfortable in-water seating.

Yamaha Articulating Keel: This patented system extends the boat's keel and moves in perfect relation to the boat's jet pump nozzles to provide directional stability and maneuverability. Steering response is immediate. Straight-line tracking at all speeds is effortless, and cutting through chop is a breeze. Drivers enjoy maximum control while maneuvering at low speeds. (Not included in 252SD model)

Quiet Cruise Noise Reduction System: This system of features works together to reduce vibration noise levels in Yamaha boats. These features include engine compartment insulation, hull insulation, and jet pump and exhaust system design.

Lifetime Structural Limited Warranty — Yamaha warrants the hull and deck of all new Yamaha boats against major structural defects in material or workmanship for the lifetime of ownership of the first retail owner. The structural limited warranty can be transferred to a second retail owner during the first 10 years after the date of original purchase by the original retail owner.

Cockpit & Bow

- Snap-in Teak-style MarineMat™
- Ski Locker
- Removable Dinette Table with Pedestal
- Bow Filler Inserts for Multiple Seating Configurations
- Hinged Seat Cushions
- Chrome Integrated Drink Holders
- Tilt Steering
- Upgraded Steering Wheel
- Chil™-Cool Technology® for Upholstery
- Adjustable Captain's Chair with Flip-up Bolster
- Passenger-side Captain's Chair
- Portside Entertainment Area
- Glove Box
- Walk-through Bow Door
- Integrated Removable Cooler
- Docking Lights
- Courtesy Deck Lighting
- Enclosed Head Compartment
- Galley with Stow-in-Place Table and Storage
- Courtesy Tower Lighting
- Dedicated Anchor and Rope Locker
- Bow Reboarding Ladder
- Upgraded Aluminum Handles & Accents
- Cockpit Drainage System (CDS)
- LED Accent Lighting

Stern

- Integrated Swim Platform
- Upholstered Cushioned Seats
- Articulating Upholstered Cushioned Backrests with Storage
- 12-volt Outlet
- Stainless Steel Telescopic Reboarding Ladder
- Dinette Table Mount
- Marine-Grade Mat
- Stern (Wet) Storage
- Swim-up Seating

Technical

- DRiVE X Low-Speed Handling
- 12.3" Connex with Touchscreen (maps & joystick)
- Custom Fit Smartphone Holder with Wireless Charging
- Yamaha Drive Control
- Boat Wellness Function Display
- Throttle by Wire Technology
- Push Button Start/Stop
- Blue LED Helm Switch Panels
- Portside Wireless Charging
- (2) USB Charge Ports
- AUX Outlet
- 12V Outlet
- Custom Tuned Wet Sounds Audio System
- (7) Wet Sounds Marine Speakers
- Stern Stereo Remote
- Stern Speakers
- 3-Position No Wake Mode Control
- Cruise Assist
- Compass
- Depth Finder
- Water Temperature
- Electronic Speedometer
- Fuel Management System
- Dual Battery Setup
- Electric Power Steering (EPS)
- Quiet Cruise Technology
- Underwater Light

Exterior

- Stainless Steel Bow Rails
- (7) Pop-Up Stainless Steel Cleats
- Tow Hook
- Bimini Top
- Aluminum Folding Wakeboard Tower with Tow Point
- Windshield Mirror

Award-Winning Customer Service

Yamaha WaterCraft has won more National Marine Manufacturers Association's (NMMA®) Customer Service Index Awards in the Personal Watercraft and Jet Boat categories than any other brand in the 20-year history of the prestigious honor. This award, based on customer surveys, is a testament to Yamaha's commitment to providing the best customer service in the powersports and marine industry.
