

2025 Yamaha **252/255** Wake Series

252XE, 255XE, 255XD

Overview

Introducing Yamaha's premium 252 and 255 Wake Series boats, the perfect choice for those who love wakeboarding, wakesurfing, and other watersports. These boats are powered by twin Yamaha engines delivering up to 500 horsepower and feature advanced wake-shaping systems that include Yamaha's integrated WakeBoosters®, a triple ballast system, and exclusive wake-inducing hulls. The 252 and 255 also have spacious cockpits with all the amenities you need for a day on the water, including comfortable seating, a spacious stern lounge area, and conveniences like wireless charging.

Specifications

General	Passengers: 12	Dry Weight: 252XE 4,557 lbs
	Weight: 2,350 lbs	255XE 4,680 lbs
	Total Storage: 613 gal	255XD. 4,561 lbs
Dimensions	Length: 24 ft 6 in	Draft: 19 in
	Beam: 8 ft 6 in	In Water Height: 8 ft 1 in
	Deadrise: 20°	
Engine	Name: 1.9L HO engine (2) (252) 1.8L SVHO (2) (255s)	Cooling: Open Loop
	Type: 4-cylinder, 4-stroke	Fuel Grade: 1.9L HO Reg Unl 1.8L SVHO Prem Unl
	Intake: Naturally Aspirated (252) Supercharged (255)	Fuel Capacity: 75 gal
	Horsepower: 1.9L HO 400 hp (combined) 1.8L SVHO 500 hp (combined)	Oil Capacity: 3.7L per engine
	Displacement: 1.9L HO 1898cc 1.8L SVHO 1812cc	Pump Size: 155mm 1.9L HO 160mm 1.8L SVHO
Hull	Construction: Vacuum Infusion	Material: Fiberglass Reinforced Plastic (FRP)

Yamaha Innovations and Technology

Yamaha 1.9L HO Marine Engine: This 1898cc, four-stroke, four-cylinder, 16-valve High Output marine engine is the largest displacement engine in a jet boat today. This powerful engine provides quick and smooth acceleration and class-leading top speed.

DRiVE X® Low-Speed Handling: A combination of Yamaha's DRiVE® paddle control system that moves the boat forward and aft while always keeping the driver's hands on the steering wheel but adds steering wheel functionality that, when activated, will slowly move the boat starboard or port, rotate 360° on its axis and holds the boat against the dock for quick loading and unloading of passengers. (Exclusive to 255XD model)

Chil™-Cool Technology® for Upholstery: In addition to looking great, the Chil Cool fabric also feels great, reducing the surface temperature by roughly 20 degrees and dissipating heat much quicker than standard vinyl. (Available on select models only or color combinations)

Helm Wireless Charging: This convenient wireless charging station is integrated into the custom-fit smartphone holder, allowing you to effortlessly charge compatible devices without the hassle of cords and cables.

Integrated Yamaha WakeBooster®: With the simple push of a button on the Connex® Touchscreen, integrated WakeBoosters can be deployed on either side of the boat for wakesurfing.

Integrated Triple Ballast System: The ballast tanks are filled and emptied using the Connex® Touchscreen, which is located at the helm. The touchscreen allows you to control the ballast tanks individually or together and has several presets for different wakesurfing conditions. The maximum ballast weight is 1,600 lbs.

Wake-Inducing Hull Design: Shaped to more displace water, which helps to create a larger wake.

Patented Jet Drive System: This advanced jet propulsion system utilizes an internal impeller rather than an external propeller. This design offers numerous advantages, such as shallow water operation, enhanced maneuverability, reduced maintenance, and the peace of mind of knowing that there is no lower unit or propeller at the stern of the boat.

Patented Clean-Out Ports: Exclusive to Yamaha Boats, the patented clean-out ports is a convenient way to remove debris that may get caught in the jet pump. This can help to prevent damage to the jet pump and keep it running smoothly. The clean-out ports are located above water at the stern of the boat and are easy to access.

Connex® Helm Control System: Yamaha's award-winning Connex helm control system and touchscreen is the hub for entertainment functions, GPS mapping, saved towing preferences, and relevant boat system data when underway.

Yamaha Articulating Keel: This patented system extends the boat's keel and moves in perfect relation to the boat's jet pump nozzles to provide directional stability and maneuverability. Steering response is immediate. Straight-line tracking at all speeds is effortless, and cutting through chop is a breeze. Drivers enjoy maximum control while maneuvering at low speeds. (Excluding DRiVE X models)

Quiet Cruise Noise Reduction System: This system of features works together to reduce vibration noise levels in Yamaha boats. These features include engine compartment insulation, hull insulation, and jet pump and exhaust system design.

Lifetime Structural Limited Warranty – Yamaha warrants the hull and deck of all new Yamaha boats against major structural defects in material or workmanship for the lifetime of ownership of the first retail owner. The structural limited warranty can be transferred to a second retail owner during the first 10 years after the date of original purchase by the original retail owner.

Cockpit & Bow

- Snap-in Custom Cut MarineMat™
- Ski Locker
- Removable Dinette Table with Pedestal
- Bow Filler Inserts for Multiple Seating Configurations
- Hinged Seat Cushions
- Chrome Integrated Drink Holders
- Tilt Steering
- Upgraded Steering Wheel
- Chil™-Cool Technology® for Upholstery
- Adjustable Captain's Chair with Flip-up Bolster
- Passenger-side Captain's Chair
- Portside Entertainment Area
- Lockable Glove Box
- Walk-through Bow Door
- Integrated Removable Cooler
- Enclosed Head Compartment
- Galley with Stow-in-Place Table and Storage
- Docking Lights
- Courtesy Deck Lighting
- Courtesy Tower Lighting
- Dedicated Anchor and Rope Locker
- Bow Reboarding Ladder
- Upgraded Aluminum Handles & Accents
- Cockpit Drainage System (CDS)
- LED Accent Lighting

Stern

- Integrated Swim Platform
- Upholstered Cushioned Seats
- Articulating Upholstered Cushioned Backrests
- 12-volt Outlet
- Stainless Steel Telescopic Reboarding Ladder
- Dinette Table Mount
- Custom Cut Marine-Grade Mat
- Stern (Wet) Storage

Technical

- DRiVE X
- 12.3" Connex® with Touchscreen (maps and joystick)
- Custom Fit Smartphone Holder with Wireless Charging
- Yamaha Drive Control
- Boat Wellness Function Display
- Throttle by Wire Technology
- Push Button Start/Stop
- Blue LED Helm Switch Panels
- Bluetooth Capability
- (2) USB Charge Ports
- AUX Outlet
- 12V Outlet
- Custom Tuned Hertz Audio System
- (7) Hertz Marine Speakers
- (2) Hertz Tower Speakers
- Stern Stereo Remote
- Stern Speakers
- 3-Position No Wake Mode Control
- Cruise Assist
- Compass
- Depth Finder
- Water Temperature
- Electronic Speedometer
- Fuel Management System
- Dual Battery Setup
- Electronic Power Steering (EPS)

- Quiet Cruise Technology
- Integrated Ballast System
- Toe-in Jet Nozzle Position
- Integrated Electric WakeBooster
- Underwater Light

Exterior

- Stainless Steel Bow Rails
- (7) Pop-up Stainless Steel Cleats
- Tow Hook
- Extended Bimini Top
- Aluminum Folding Wakeboard Tower with Tow Point
- Wakeboard Racks
- Billet Aluminum Windshield Mirror
- Yamaha Wake-Enhancing Hull

Award-Winning Customer Service

Yamaha WaterCraft has won more National Marine Manufacturers Association's (NMMA®) Customer Service Index Awards in the Personal Watercraft and Jet Boat categories than any other brand in the 20-year history of the prestigious honor. This award is based on customer surveys and is a testament to Yamaha's commitment to providing the best customer service in the powersports and marine industry.
