

2025 Yamaha 275 Series

275SE, 275SD

Overview

Introducing Yamaha's flagship 27-foot sport boats, the epitome of spaciousness, luxury, and advanced technology. These boats redefine the premium jet boat category, providing an expansive layout that ensures a comfortable and enjoyable experience for all on board. Designed with meticulous attention to detail, the flagship 27-foot models boast premium appointments that elevate the boating experience to extraordinary levels. The standout feature that differentiates the two models is Yamaha's innovative DRiVE X dock assist featured on the Yamaha 275SD which simplifies docking maneuvers with enhanced control and precision. Powering these remarkable vessels are twin, supercharged Yamaha marine engines for a combined 500 horsepower, delivering exhilarating performance and unmatched reliability.

Specifications

General	Passengers: Yacht Certified	In Water Height: 275SE 8 ft
	Weight: Yacht Certified	275SD 8 ft 6 in
	Total Storage: 740 gal	
Dimensions	Length: 27 ft	Dry Weight: 275SE 5,304 lbs
	Beam: 9 ft	275SD 5,803 lbs
	Deadrise: 20°	
	Draft: 22 in	
Engine	Name: 1.8L SVHO engine (2)	Cooling: Open Loop
	Type: 4-cylinder, 4-stroke	Fuel Grade: Premium Unleaded
	Intake: Supercharged	Fuel Capacity: 90 gal
	Horsepower: 500 hp (combined)	Oil Capacity: 3.7L per engine
	Displacement: 1812cc	Pump Size: 160mm
Hull	Construction: Vacuum Infusion	Material: Fiberglass
		Reinforced Plastic (FRP)

Yamaha Innovations and Technology

Twin, Supercharged 1.8L SVHO Yamaha Marine Engines: These engines deliver more power and torque than any other motors in the Yamaha Boats line, featuring a high-performance intercooler, increased supercharger air intake capacity and boost, and a modified fuel injection system for increased fuel flow. Combined, these engines produce 500 horsepower.

DRiVE X® Low-Speed Handling: A combination of Yamaha's DRiVE® paddle control system that moves the boat forward and aft while always keeping the driver's hands on the steering wheel and adds steering wheel functions that slowly move the boat starboard or port, rotate 360° on its axis and holds the boat against the dock for quick loading and unloading of passengers. (Available on 275SD only)

Chil™-Cool Technology for Upholstery: In addition to looking great, the Chil Cool fabric also feels great, reducing the surface temperature and dissipating heat much quicker than standard vinyl. (Available on select models only or color combinations)

Helm Wireless Charging: This convenient wireless charging station is integrated into the boat's custom-fit smartphone holder, allowing you to effortlessly charge compatible devices without the hassle of cords and cables.

Patented Jet Drive System: Yamaha's renowned internal propulsion system is the gold standard in the boating industry, making Yamaha boats more fun to drive with their nimble handling and instant acceleration and extraordinarily versatile because Yamaha's jet pump impeller is protected inside the hull, eliminating the need for an exposed lower unit or propeller. The result is a shallow draft unmatched in its class, allowing access to shallow waters that other brands cannot enter.

Patented Clean-Out Ports: Exclusive to Yamaha Boats, the patented clean-out ports are a convenient way to remove debris that may get caught in the jet pump. This can help to prevent damage to the jet pump and keep it running smoothly. The clean-out ports are located above water at the stern of the boat and are easy to access.

Connex[®] Helm Control System: Yamaha's award-winning Connex helm control system and touchscreen is the hub for entertainment functions, Drive Control, GPS mapping, and relevant boat system data when underway.

Swim-Up Seating: 275 Series models come standard with two removable swim-up stern seats that attach to the stern slightly below the water's surface, providing comfortable in-water seating.

Yamaha Articulating Keel: This patented system extends the boat's keel and moves in perfect relation to the boat's jet pump nozzles to provide directional stability and maneuverability. Steering response is immediate. Straight-line tracking at all speeds is effortless, and cutting through chop is a breeze. Drivers enjoy maximum control while maneuvering at low speeds. (Excludes DRiVE X models)

Quiet Cruise Noise Reduction System: A system of features that work together to reduce vibration noise levels in Yamaha boats. These features include engine compartment insulation, hull insulation, and jet pump and exhaust system design.

Lifetime Structural Limited Warranty — Yamaha warrants the hull and deck of all new Yamaha boats against major structural defects in material or workmanship for the lifetime of ownership of the first retail owner. The structural limited warranty can be transferred to a second retail owner during the first 10 years after the date of original purchase by the original retail owner.

Cockpit & Bow

- Snap-in Teak-style MarineMat™
- Chil Cool Upholstery
- Ski Locker
- Removable Dinette Table with Pedestal
- Bow Filler Inserts for Multiple Seating Configurations
- Hinged Seat Cushions
- Chrome Integrated Drink Holders
- Tilt Steering
- Upgraded Steering Wheel
- Upgraded Upholstery
- Adjustable Captain's Chair with Flip-up Bolster
- Passenger-side Captain's Chair
- Portside Entertainment Area
- Glove Box
- Retractable Windscreen
- Walk-through Bow Door
- Integrated Removable Cooler
- Docking Lights
- Courtesy Deck Lighting
- Enclosed Head Compartment with Light
- Galley with Sink and Lockable Storage
- Courtesy Tower Lighting
- Dedicated Anchor and Rope Locker
- Bow Reboarding Ladder
- Upgraded Aluminum Handles & Accents Cockpit Drainage System (CDS)
- LED Accent Lighting
- Removable Transom Gate

Stern

- Integrated Swim Platform
- Upholstered Cushioned Seats
- Articulating Upholstered Cushioned Backrests with Storage
- 12-volt Outlet
- Stainless Steel Telescopic Reboarding Ladder
- Dinette Table Mount
- Marine-Grade Mat
- Stern (Wet) Storage
- Freshwater Shower
- Swim-up Seating

Technical

- DRiVE X Low-Speed Handling
- 12.3" Connex with Touchscreen (maps & joystick)
- Custom Fit Smartphone Holder with Wireless Charging
- Yamaha Drive Control
- Boat Wellness Function Display
- Throttle by Wire Technology
- Push Button Start/Stop
- Blue LED Helm Switch Panels
- (4) USB Charge Ports
- AUX Outlet
- 12V Outlet
- Custom Tuned Wet Sounds Audio System
- (7) Wet Sounds REVO Marine Speakers
- Stern Stereo Remote
- Stern Speakers
- 3-Position No Wake Mode Control
- Cruise Assist
- Compass
- Depth Finder
- Water Temperature
- Electronic Speedometer
- Fuel Management System
- Dual Battery Setup
- Electric Power Steering (EPS)

- Quiet Cruise Technology
- Underwater Light

Exterior

- Stainless Steel Bow Rails
- (7) Pop-Up Stainless Steel Cleats
- Tow Hook
- Hard Top with Tinted Skylights

Award-Winning Customer Service

Yamaha WaterCraft has won more National Marine Manufacturers Association's (NMMA®) Customer Service Index Awards in the Personal Watercraft and Jet Boat categories than any other brand in the 20-year history of the prestigious honor. This award, based on customer surveys, is a testament to Yamaha's commitment to providing the best customer service in the powersports and marine industry.
