

2025 Yamaha GP Series

GP SVHO™ and GP HO™

Overview

Introducing the Yamaha Performance Series GP SVHO and GP HO WaveRunners®, where pure power and exhilaration meet on the water. Designed for those who crave high-performance thrills, these world-championship-winning WaveRunners are built to deliver an unmatched riding experience. With a relentless focus on performance, Yamaha takes the GP HO to new heights with a powerful 1.9L HO Yamaha marine engine, unleashing even greater speed and acceleration. New for 2025 are premium Yamaha audio speakers available as a dealer-ordered option.

Specifications

Capacity	Riders:	3	Bow Storage:	24.3 gal
	Weight:	530 lbs	Glovebox Storage:	2.7 gal
	Total Storage:	28.4 gal	Under-Seat Storage:	1.4 gal
Dimensions	Length:	131.9 in	Dry Weight:	GP SVHO 758 lbs
	Width:	48.8 in		GP HO 714 lbs
	Height:	47.2 in		
Engine	Name:	1.9L HO marine engine 1.8L SVHO marine engine	Cooling:	Open Loop
	Type:	4-cylinder, 4-stroke, 16-valve	Fuel Grade:	HO Reg Unl SVHO Prem Unl
	Intake:	HO Naturally Aspirated SVHO Supercharged	Fuel Capacity:	18.5 gal
	Horsepower:	1.9L HO 200 hp 1.8L SVHO 250 hp	Oil Capacity:	3.7L
	Displacement:	1.9L HO 1898cc 1.8L SVHO 1812cc	Pump Size:	HO 155mm SVHO 160mm
			Impeller:	3-Blade, SS
Hull	Construction:	High-Compression Molded	Material:	Sheet Molded Compound (SMC)

Yamaha Innovations and Technology

Yamaha 1.9L HO Marine Engine: This 1898cc, four-stroke, four-cylinder, 16-valve High Output Yamaha marine engine replaces the 1812cc High Output motor that powered the previous year's GP HO model. This more powerful engine provides quicker and smoother acceleration and a higher top speed. This is achieved through the engine's increased displacement, optimized intake and exhaust paths, and a 10 percent larger throttle body for more power and torque.

Automatic Trim System with Cornering and Launch Control: Auto Trim works independently from the electric trim control on the handlebars. When engaged, Cornering Control automatically shifts the trim into the bow-down position when decelerating for tighter cornering and a racy feel. Launch Control automatically shifts the trim down to prevent bow rise when accelerating quickly.

Race-Proven Hull and Deck Design: Deep, wide, self-draining footwells with a seat design that provides outstanding knee grip and overall comfort.

High-Performance Top Loader Intake Grate and Jet Pump: Delivers enhanced acceleration with better hook-up in varied water conditions.

Connex Information System: This system features a 4.3-inch Connex® display with a touchpad that features Drive Control for customizing your ride, viewing vital engine functions, and a security mode to prevent unauthorized use.

RiDE® Dual Throttle System: Provides independent functionality of the left and right handlebar levers, with the right lever controlling forward and the left lever controlling reverse. As a result, you can reverse by using the left lever while keeping both hands on the handlebars. This provides single-action forward/reverse capability. It also provides the ability to decelerate using the left lever while riding.

NEW Yamaha Audio Speakers: Twin, 40-watt factory-installed Yamaha audio speakers are available as a dealer-ordered option. The 6.5" Waterproof Cone Woofer delivers deep bass and durability in marine environments, while the 1.25" Teteron Dome Tweeter provides clear high notes for overall sound clarity. Additionally, the 4.5" Passive Radiator enhances bass response without requiring extra power, enriching the overall listening experience. (Dealer-ordered option)

Integrated Multi-Mount System: This system easily affixes accessories (sold separately) onto the dash through the cupholders. These accessories include a holder for your action camera, fishfinder, and smartphone.

Award-Winning Customer Service

Yamaha WaterCraft has won more National Marine Manufacturers Association's (NMMA®) Customer Service Index Awards in the Personal Watercraft and Jet Boat categories than any other brand in the 20-year history of the prestigious honor. This award is based on customer surveys and is a testament to Yamaha's commitment to providing the best customer service in the powersports and marine industry.
